

EasyClean® 360 Isolator Cleaning System

Quick, clean and easy

Efficient cleaning of compounding isolators, biological safety cabinets, laminar flow hoods and other mini environments is critical to the quality and purity of compounded products. The EasyClean® 360 Isolator Cleaning System includes a light-weight, manoeuvrable cleaning tool along

with easy-to-use nonwoven and laundered knitted polyester covers. The knitted polyester padded cover and rounded edges of the mop head ensure the tool does not scratch or damage surfaces. The mop head, handles and covers can be sterilised by autoclave or gamma irradiation.

EasyClean® 360 Isolator Cleaning Tool

- Durable, mirror finish, stainless steel mop head swivels 360° for easy manoeuvrability
- Head can be locked for 180° swivel when desired
- 4" x 7" (10cm x 18cm) triangular head shape allows for improved access in tight corners
- Light-weight anodised aluminium handles included in 2 lengths: 14" (35cm) and 24" (61cm)
- Quick connect mechanism for easy handle attachment after pass-through
- Compatible for use in ISO Class 3/EU Grade A environments after sterilising
- Telescoping handle option available: 37" - 71" (95cm - 180cm)
- Autoclavable (Recommended maximum of 121°C for 30min)

EasyClean® 360 Knitted Polyester Elastic Isolator Cleaning Tool Covers

- Made from Berkshire's SuperPolx® 1200A 100% continuous filament knitted polyester material
- Laundered and packaged in an ISO Class 4 cleanroom for superior fibre, particle and residue performance
- Cover is non-shedding and low-linting per USP <797> and USP <800> requirements
- Stretch fabric and elastic edge allow easy installation and secure fit on the mop head
- Absorbent polyester knit is abrasion resistant and durable to a wide range of cleaning solutions
- Recommended for use with the EasyClean® 360 Knitted Polyester Padded Cover
- Compatible for use in ISO Class 3/EU Grade A environments after sterilising
- Validated sterile option available

EasyClean® 360 Knitted Polyester Padded Isolator Cleaning Tool Covers

- Made from Berkshire's Choice® SuperSorb 100% continuous filament knitted polyester material
- Laundered and packaged in an ISO Class 4 cleanroom for superior fibre, particle and residue performance
- Foam-free cushioned design ensures even surface coverage with reduced residues and contaminants
- Easy installation and secure fit on the mop head
- Recommended for use with the EasyClean® 360 Knitted Polyester Elastic Covers
- Compatible for use in ISO Class 3/EU Grade A environments after sterilising
- Validated sterile dry and pre-saturated options available (70% IPA, 30% DI water)

EasyClean® 360 Nonwoven Isolator Cleaning Tool Covers

- Made from Berkshire's Durx® 670A 55% polyester/45% cellulose nonwoven material with an absorbent rayon inner layer
- Elastic edge allows easy installation and secure fit on the mop head
- Recommended for use in ISO Class 5-8/EU Grade C-D environments
